- work on PTP connectivity protocols such as PPTP SSTP L2TP EoIP BGP.
- Create a Telegram bot to receive network status alerts and control network settings.
- Create a cloud server to host the bot and display the network status via the API.
- knowledge in server management.

Skills :

- **Technical skills**
  - **Networking:**
    - VLAN
    - PTP
    - VPN -> SSTP PPTP L2TP
    - EoIP TUNNEL
    - BGP
    - Load balanss
  - **Programming:**
    - C++ , PHP , HTML , JAVASCRIPT , DATABASE
  - Microsoft office softwares (word , Excel , PowerPoint).

- **Soft skills :**
  - Leadership.
  - communication skills
  - Teamwork.
  - Fast learner
  - problem-solving
  - time management

Achievements :

- Participated in the **Black Hat MEA 2023 CTF** competition in Riyadh.

Courses :

- CCNA
- Security+
- Linux
- Mikrotik – MTCNA

Languages :

• Arabic (Native) – English (Intermediate)
